

August 22nd – 26th News

We made it through our first week of 2nd grade! Our students did so well with completing work and navigating the expectations. This week, we'll focus on making deeper connections with the story *The Invisible Boy*. We'll be trying our math program this week which works to develop our student's ability to think about how they are thinking and share their strategies. We'll start a full week of science beginning with the book *Ada Twist Scientist*, and continue taking time to learn about each other. Please feel free to email me with any questions!
jennifer.duffey@beaufort.k12.sc.us or on CLASSDOJO
