

September 19th – 23th News

HAPPY HISPANIC heritage month! This week we'll be reading the book Wilfrid Gordon McDonald Partridge. It's an amazing story about a young boy and his friends. Our non-fiction book will be a study about the author, Mem Fox. In math, we're moving onto word problems. In science, we're moving onto matter. Students will be able to make observations about different types of matter. Finally, in social studies, we're all about MAPS & landforms!
